STATE OF MAINE.

AN ACT to provide for taking a State Valuation

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

SECTION 1. It shall be the duty of the Mayor of each city, the Selectmen of each town, and the Assessors of each plantation on or before the first day of January next, to return to the Secretary of State, on oath, a true copy of the valuation of such city, town or plantation, and number of polls upon which the city, town, or plantation tax, for the year eighteen hundred and forty nine, was assessed, and any city, town or plantation not so returned shall be licensed in the next valuation at the pleasure of the Legislature and the valuation thereof shall not afterwards be reduced for the term of ten years.

Sec. 2. It shall be the duty of the Secretary of State to transmit to each city, town and plantation, a copy of this act immediately upon the adjournment of the Legislature, and publish the same in the papers printing the laws of the State sixty days.

Sec. 3. This act shall take effect from and after its approval by the Governor.

[Approved August 15 1849.]

SECRETARY'S OFFICE, Augusta, Aug 20, 1849.

I hereby certify that the foregoing is a true copy of the original on file in this office.

DR. PEARSON'S CARMINATIVE BALSAM.

Great Cholera Preventive.

THIS article should be in the possession of every person travelling. It has never been known to fail of producing the happiest results in cases of Cholera Morbus, Diarrhœa, &c., and has during the prevalence of the CHOLERA in this country, been performing wonderful Cures,—though it is recommended more particularly as a PREVENTIVE, but is useful in any stage of the complaint. It taken immediately upon the appearance of the Diarrhœa—which is a premonitory symptom of Cholera—an attack of this fearful and fatal disease may be prevented. In Cholera Morbus and Summer Complaints of children, it has no equal. Dr. P. has made use of this remedy in his practice for near 10 years, with the most remarkable success. Price only 25 cents per bottle.

It is decidedly the most beneficial remedy for the cure of Dysentery, Cholera Morbus and Summer Complaint, that is known to man. Parents will find it the best medicine that can be used for young children and infants. And every person who is travelling in the summer months should not be without a bottle of it in their possession, as it is an infallible remedy against the change produced in the system by drinking bad water.

We annex the following certificate of Mrs A. M Sanford, of New York, in reference to the Carminative Balsam. We might add a long list, but consider this sufficient.

This is to certify that I have used Dr. Pearson's Carminative Balsam, and confidently believe it to be the best medicine that can be used for the various diseases for which it is recommended, it so all ladies who are travelling in the summer months, and mothers for the fretting and crying of infants for which it is a certain cure.

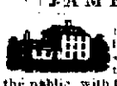
New Hotel at Oldtown!



JAMES STANSON

Announces to his friends and to the public, that he has fitted his large, commodious and centrally situated dwelling for a Public Hotel, and has opened the same to the public with the determination that every attention shall be paid to the accommodation of the travelling community.

He gives full assurance that he will keep a TEMPERANCE HOUSE and that nothing shall be wanting on his part to entitle him to the approbation of all who may favor him with their patronage. The House will be kept on a liberal scale, and the most assiduous attention shall be given to make the house a desirable and comfortable home for travellers as well as more permanent boarders. It is believed that a Hotel of this description is greatly needed in Oldtown, and the public are invited to give it their support.

LATEST AND BEST

....IMPROVED....

Patent Bedstead.

THE Subscribers have purchased the right of manufacturing and vending HINKLEY'S IMPROVED PATENT BEDSTEAD for the city of Bangor.

This improvement is simple in its construction and consists in furnishing a substantial Bottom to Bedsteads, which shall be elastic and have all the advantages of a Slat, or Sacking Bedstead, while at the same time it serves to secure the posts and rails compactly together, without other aid. It can be fitted to any Bedstead, *old* or *new*, with much less time and labor than is required to put in a cord, and when fitted, gives *great strength* and support, and keeps the Bedstead in proper shape. It cannot be doubted that this simple improvement, will when known, take the place of every other method now in use. We can confidently recommend the above improvement to our customers and to the public, as the cheapest, most substantial and best Patent Bedstead ever invented.

The Public are respectfully invited to call and see for themselves. SHAW & MERRILL.

MRS E. KIDDER'S Cholera, Dysentery,

....AND....

Diarrhœa Cordial,

—AS—

Immediate and Perfect Remedy,

....FOR....

Cholera, Dysentery, Summer Complaints of Children, Diarrhœa, Sea Sickness, general Debility, &c.

WHERE this all powerful antidote is at hand, Cholera is no longer to be seriously feared, or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours if taken at the commencement—

It has been before the public for more than seventeen years, and was the first article made known to the public as an

IMMEDIATE AND PERFECT CURE

OF THE

CHOLERA.

It has been thoroughly tested in every country and every climate, and its effect has everywhere proved the same.

SURE TO CURE,

even where the disease has advanced to its last stages.

CHOLERA.

Accounts almost daily reach us of the ravages of the CHOLERA, both at home and abroad, and of the little success which has thus far attended the attempts to check its frightful inroads on human life.

Such being the fact, it surely may be regarded as an era in modern discoveries, that a medicine has been discovered possessing the power of checking the progress of the Cholera, and eradicating it from the system.

Mrs. Kidder would most respectfully call the attention of the public to this invaluable medicine, known as her

"CHOLERA, DYSENTERY AND DIARRHŒA CORDIAL."

Many thousand lives have been saved by this medicine, when the disease had advanced to its last stages.

It is hoped that every housekeeper will keep the Cordial at hand, and if timely administered but little danger is to be apprehended from an attack of the

Cholera, Dysentery or Diarrhœa.

This Cordial immediately checks the vomiting, relieves the pains, stops the Diarrhœa, and restores the bowels to a perfectly regular and healthy state however severe the attack may be, or however low the patient may have become, it invariably restores

The Severest Cases of Dysentery

are immediately counteracted, the pains allayed, the bowels healed and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours.

Chronic Diarrhœa,

Either in children or adults, of months or years continuance, is most readily cured with this Cordial, notwithstanding they may be reduced to mere skeletons; it immediately strengthens, and shortly restores them to perfect health.

Cholera Infantum.

It has saved the lives of many thousand children when reduced to death's door by this complaint—it gives them immediate relief, and they very soon recover.

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and readily restores the patient. It invariably checks vomiting produced from any cause whatever.

Children that are Teething,

if inclined to Diarrhœa, should always be provided with this medicine, as it will keep the bowels regulated and keep off the Canker. It is wholesome, safe, and pleasant to the taste, and children are fond of it, and will take it without trouble or dislike.

For General Debility and Dyspepsia,

it is a most excellent restorative, giving a healthy tone to both the stomach and bowels, and prevents food from pressing or distressing the stomach.

The public may rest assured that it contains neither opium or mineral substances, or anything that is in the least injurious to the constitution.

CAUTION.

Be sure that you obtain MRS. E. KIDDER'S CHOLERA MORBUS, DYSENTERY and DIARRHŒA CORDIAL, and you will get the only true and original article, which has ever been in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, intended for family use, and sold at One Dollar per bottle.

N. H. DOWN'S

Vegetable Balsamic Elixir,

The Great Northern Remedy for Consumption!

ALSO, the most effectual remedy in the world, for *Colds, Coughs, Whooping Cough, Croup or Quincy, Asthma, Pain in the Side or Stomach*, and all diseases of the LUNGS AND LIVER.

This medicine is purely vegetable, and is by far the most effectual medicine known, for all diseases affecting the BRONCHIAL OR PULMONARY ORGANS.

Its effect upon the patient is most marked, and differs from that of most medicines recommended for the same complaints, in the following particulars:

1st—It never irritates the organs it should soothe—never frets up the cough, leaving the cause untouched—but first *loosens the cough, increases the expectoration or spitting*, then removes the cause, *eradicating it completely* from the system, when as a matter of course, the *cough ceases*, and the patient is well.

2d—It never produces costiveness in the consumptive patient—on the contrary, it has a laxative effect and is a moderate cathartic. We defy the world to produce a case of costiveness so inveterate but that in two or three weeks, (the patient in the meantime having proper regard to diet) it will entirely remove it, and produce a healthy action of the bowels.

3d—It does not produce a *dryness of the skin* but is a powerful promoter of *sensible and insensible perspiration*, thus expelling by the pores of the skin those nauseous fluids and impurities of the blood, the retention of which in the system is the *sure precursor of* DISEASE SICKNESS AND DEATH.

We do not profess that DOWN'S ELIXIR is a specific or all the ills that flesh is heir to, but we do say, and can confirm by incontestable evidence, that for

CONSUMPTION,

And all all diseases of the *lungs, the liver, and the pulmonary organs*, it is *unrivalled—unequalled*—HUNDREDS by have been snatched from an untimely grave, and hundreds who *delayed too long its use*, have found in the advanced state of their disease, that RELIEF FROM SUFFERING, which they had vainly sought from every other source.

This INVALUABLE MEDICINE *is highly concentrated* and put up in 2 oz. and 4 oz. bottles, at fifty cents and one dollar per bottle, and each bottle warranted to contain MORE CURATIVE PROPERTIES than four bottles of any of the *weak, adulterated* patent bottle preparations of the day.

We have received *hundreds of certificates* of its wonderful cures, from every part of the country, many of which have been published *and may be had gratis of any of our agents*.

Sold wholesale and retail by CURTIS & SMITH General Agents, ST. ALBANS, VT., to whom all orders for supplies of the medicine should be addressed, (stating the best mode of sending it)—also, sold by agents in nearly all the villages and towns in the country.

It is also sold, at wholesale and retail by David Bugbee, G. W. Ladd, Curtis & Perkins, A. P. Guild, Wm Mann, G. McFarland, Bangor; L. S. Smith, J. W. Curtis & Co., Hampden; Chas Johnson, J. B. AGENCY FOR BUSINESS

With U. S. Patent Office

WASHINGTON.

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier*; he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters relating to the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay, here, as well as all personal trouble in obtaining their patents. They also have the advantage of *personally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* years practice, an extensive collection of reference works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accurate records of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did the business at the Patent Office as Solicitor for preparing Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

Holden's Alterative and TONIC MIXTURE,

IS the best combination known for changing the sinuous secretions of the Stomach, and giving strength to that organ, and for removing many troubles which are often traced to impurity of the blood.

Its action is that of a mild Alterative and Tonic, restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the appetite becomes regular and good, digestion perfect, sick headache and many nervous disturbances growing out of imperfect digestion are generally cured; persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin, many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troublesome children, supposed to arise from worms, are caused by a deranged state of the stomach, and are removed by its use. Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

Home Testimony.

We, the undersigned, have ourselves, or in our families, used Holden's Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended.

Nov. 27. J. E. & E. H. REYNOLDS.

NEW AND

Important Discovery

GRAY HAIR can be restored to its original color, or, whether Auburn, Brown or Black; Sandy, Light or Red Hair can be matched with any darker shade, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original Hair, by using D. M. Ballard's

Permanent Liquid Hair Dye,

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public. Is free from all injurious properties, which can be tested by taking a lock of the finest and most delicate Hair of an infant, and color it with the Dye, which will not impair its gloss or its texture in the slightest degree, which is the best evidence which can be given that it is not injurious. On the contrary, it improves the lustre of the Hair, promotes its growth, and prevents it from falling out, and unlike other preparations, after the Hair is colored and dry, will not crock, fade, or wash out.

In short, from its peculiar delicacy, softness, and easy application, it is worthy the attention of all who may wish to improve the color of the Hair, as it will make any shade, from a white to a jet black. It is now used to an unaccountable extent, by persons who have prematurely turned gray, and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn, Brown or Black, without any additional preparation or the slightest trouble.

SATURDAY, SEPTEMBER 15, 1849.

First Exhibition of the Bangor Horticultural Society

The Bangor Horticultural Society which was organized a few weeks since opened its first exhibition of Fruits Flowers and Vegetables at Stetson's Hall on Thursday the 13th of September The Hall was tastefully ornamented with festoons of cedar branches and flowers a table was laid through the centre of the Hall and upon each wall were receding shelves for the display of flowers

The table was richly laden and literally covered with dishes of beautiful fruits, among them the choice pears which for a few years past have been figured in the books on fruit, as the rarest kinds of excellent quality and large size which have originated here, in the garden of Mr Jesse McLaughlin from seeds of his planting one of this variety is known as the McLaughlin pear, one as the Penobscot plum and the other as the Bangor Those known to the books, such as the Washington, the Jefferson, Duane's Purple, Seckel, Columbian Red, Green and Yellow Gage, Yellow Egg Purple Favorite, Magnum Bonum and many others will be specially noticed by the committee who have that subject in charge It is well known that great efforts have been made here within three years past in planting and transplanting choice plum and other fruit trees, yet few persons were prepared for such magnificent results as this exhibition showed The show of plums, particularly in variety and quality cannot well be surpassed in any of the older cities Our soil and climate have proved themselves admirably adapted to bringing forward this crop in the highest perfection We wish this fact to be particularly noticed, and also the fact that it does not take long to obtain a fruit There were fine plums offered for exhibition from trees transplanted last spring and many specimens from trees set out one year are last spring and there are several persons who have raised bushels of plums this year from trees set out only three years since The show of apples was rich The Williams Favorite fall Early Early Harvest, Duchess Oldenberg Maiden's Blush, Blue Pearmain, and a great variety of others which will be named in the report of the committee, prove them selves admirably adapted to this region

Of pears the specimens were not so numerous though there were some very good specimens — It takes a little more time to produce the pear in perfection than the plum or apple, but enough is known already to show that something very satisfactory can be effected here with this fruit

The department of flowers was mostly supplied by Mr White of Mount Hope Garden, and by Mr Brockmullet of Grove street garden There were many elegant boquets and some choice cut Dahlias and other flowers from private gardens, enough we think, to ensure an enthusiastic report from the committee on that subject The Floral display in the hall gave great brilliancy to the occasion and won many commendations

The productions of the kitchen garden and the field were well represented There were fine specimens of wheat and corn, cabbages, rutabagas, kohl rabbi or turnip cabbage, potatoes, pumpkins tomatoes mellons celery, beets, beans, peppers &c, many of which deserving particular notice but we do not intend in our general remarks to interfere in any way with the appropriate duties of the committees of the society

On Thursday afternoon an address was delivered by the president of the society, Fred H Allen Esq which he spoke of the origin, design and influence of the Horticultural Society — of the favorable influence which the cultivation of fresh fruits would exert upon the manners, habits and health of the community He alluded to Lord Bacon's remark that the first man was a gardener and the first of men among his descendants had been gardeners and through the active labors of Hon Ephraim Goddard of Orono the Honorary member of this society and the old mendicant Massachusetts Horticultural Society and the wide and beneficent influence they had been enabled, through that instrumentality to exert

It was not to be said to be expected that every one should undertake to compass the whole field of cultivation presented in the gay and beautiful flowers, and the varied and excellent fruits and the useful and substantial vegetables so richly spread before us Success in all departments could hardly be expected from one man But each could — one point of starting ground for himself and — forward to higher and higher planes of science

He gave a word of counsel to the public Gardeners to continue to the public, that all their efforts and statements be made in good faith and with a proper reference to the good of all, so that the most confidence could be placed in them, and they would then receive the commendation and generous support of the community they served

He mentioned the uses of books on Horticulture, that they were to be studied not as set formulas, particularly books of foreign countries but as giving apt suggestions for use in a different climate and amidst entirely different circumstances He referred favorably to recent American books, and highly recommended the Fruit culturist by Downing, as possessing great merit

He spoke pleasantly and appropriately to the cultivation of flowers by the Ladies Wherever, in his journeyings, he discovered the dwelling adorned with flowering plants he looked upon it as an outbirth of an dwelling taste and regarded its influence as favorable to all the charities of home and heart There was a table marked sometimes great money for the successful culture of flowers and in connection with which he referred to,— the fact as one of the results of the taste produced by Mrs Wilder's Massachusetts, the plants of which were sold for a large sum in this country and on a much larger sum in England even for several hundred dollars

But we have no space to refer farther to the address It was an able one received warmly and suggestive

The exhibition was occasionally enlivened by music It continued during the afternoon and evening of Thursday and the forenoon of Friday, and was visited by a large number of persons On Friday afternoon there was a sale of such articles as the owners wished to dispose of

A sum nearly sufficient to defray the expenses was received from admission tickets

The effect of the exhibition was quite apparent upon many persons in determining them to make efforts in their own behalf in the way of producing fruits for their own use, and to offer at future exhibitions We heard many remarks leading us to the conclusion that the fair next season will be liberally patronized

Cholera in Bangor.

MARSHAL'S OFFICE

7 o clock P M

Number of cases of cholera reported, 4
Number of deaths by cholera, 2
Child of Michael Donovan, Samuel Norton
Whole number of deaths to date, 112

H B FARNHAM, Health Officer

☞ The Kennebec Journal states that it heard by report that the deaths in this city, by Cholera, for 24 hours ending on Tuesday morning, amounted to 40 We do not like the statement It is not true. We publish, six days in the week, an official list of the cases of Cholera in this city and of the deaths This list is made up in good faith, from the best possible sources of information It may be relied upon With regard to the deaths, certainly there can be no mistake It is no well then, it seems to us, that false reports should be taken up and circulated by the Press, since it can hardly be supposed that anybody at a distance, is so great a sponge for news as to an idiotic a daily report, made up with the utmost care and with a determination to be correct The greatest number of deaths in any 24 hours is 16, and this soon after the disease broke out The mortality here, has been great enough, without having it more than doubled by any body's report

Can any one from this city, give the news to the Journal later than it gets it by the Daily Whig?

☞ The corner stone of the new Custom House in Bangor was laid on Wednesday last, with due masonic honors The citizens generally joined in the celebration, and a public address was delivered

If suitable exertions were made in this Collection District, Congress would undoubtedly provide, for the erection of a suitable Custom House in this city We believe that something of the kind is agitated and we may hope a favorable action at the next session of Congress, for such a building is greatly needed here

☞ Eye service is an evil evincing a want of true order in the mind and of a true principle in the heart. The upright minded, right hearted boy pursues with diligence and faithfulness his duties, whether the eye of his employer be upon him or not He who discharges his duties only when the eye of his employer is upon him is an eye servant, and needs to effect in himself a thorough reform

Post Office Robbery

The telegraph reports that the Post Office at Charleston, S C, was forcibly entered night of 9th inst, through a window A number of letters were torn open, from which some money was abstracted but what amount is unknown No clue had been obtained of the perpetrators of the robbery It is a little singular that the Post Office of a large city like Charleston should be left without a night watch

☞ We learn that a little French settlement at East Greatworks in Bradley, seven persons out of twenty eight died in one day this week, of Cholera The settlement was then immediately broken up and the inhabitants comfortably conveyed to the British Provinces, where they recently came from Several Indians have also died at Oldtown, but the number we have not been able to return

☞ The Philadelphia North American has been informed that the U S frigate Saratoga, which was anchor below New York at last accounts, has been ordered to proceed to Cat Island, one of the Bahamas without delay, that is and being reported rendezvous of some of the Cuban invaders, hence the urgency of the Government to set a watch upon it

Information Wanted.

Somebody wants to know if anybody can tell a body if they ever knew anybody, or anybody's body attacked with Cholera who was in the practice of daily bathing his body in cold water?

☞ The Newburyport Herald announces that the Rev Mr Stearns of the Federal street church in that town, has accepted the call to the pastoral charge of the first Presbyterian church in New York

The Saco Gazette says 'We regret to learn that one or two gentlemen in Danvers are afflicted with an unusual degree of sickness—particularly dysentery and a relation

Fire.

A wooden building in the rear of the First Parish Church belonging to and occupied by Messrs Daniel Cummings Jr, and Geo Brock, joiners was together with its contents, destroyed by fire last night between eleven and twelve o'clock

The building contained a large number of window frames sashes and doors intended for shipment to California and buildings in the city, besides a quantity of lumber, and the tools of some eight or ten hands who were engaged in the shop, all of which were destroyed The amount of property destroyed in and about the building, according to the best information we could obtain, will not be far from $1000 on which there was an insurance of between $200 and $300

The fire it was supposed was set by an incendiary and what could induce the rascal or rascals to commit this infernal act we cannot divine probably will ever be under, not can we believe, revenge for him is worthy, industrious and respectable young men can be found in this city than Messrs Cummings and Brock

Melancholy Occurrence.

On Thursday evening, the 30th ult Mr Charles Norwood Clerk while unloading a load of screwed hay at the wharf was thrown down so violently by the tipping up of the cart and a bundle of hay rolling on him that he died the next day at 11 o'clock At the time of his death Mr Norwood was superintendant of the poor house and farm in York He was much beloved by the unfortunate inmates of the alms house A man of kind feelings honest in his dealings, a good neighbor a Christian had endeared his own business and an affectionate father and husband.—[Bath Union

The Emigrant's Tomb.

Deep in the western forest's shade,
In the green recess of a sunless glade,
Where the wild elk stalks, and where strange flowers bloom,
Lies rough hewn mound—the humble tomb

In the emerald isle, far o'er the wave,
The friends he loved had found a grave,
But one fair blossom—his hope, his pride—
Was left to him when the rest had died

One fair little child his love to prove—
The only thing he had now to love—
Still cheered the heart of the lone emigrant,
And kept the check that was sunk and wan

At length the star of the poor man's night,
The one that made his horizon bright,
Like a blighted flower she pined and died,
And he sought a home over the ocean wide

To the plains of the western world he sailed,
But his eye had dim'd and his cheek had paled,
He died where the proud ship ploughed the strand
And they made him a tomb in the foreign land

Judge Gently

O, there has many a tear been shed,
And many a heart been broken,
For want of a gentle hand stretched forth
Or a word of kindness spoken

Then oh! with brotherly regard,
Great every sub of sorrow,
So from each tone his love of heart
New hope, new strength shall borrow

Nor turn—with cold and scornful eye
From him who hath offended,
But let the harshness of reproof
With kindlier tones be blended

The seeds of good are sown here,
And, in the goodness bosom,
Spread by the quickening rays of love,
Put forth their tender blossom

While many a soul hath been
To deeds of evil hardened—
Who felt that bitterest of grifs—
The first offence unpardoned!

To the Superintending School Committees of the several Towns and the Clerks of the several Plantations in the County of Penobscot

In obedience to the requirements of law I hereby appoint WEDNESDAY the 14th day of November next, at 10 o'clock A M in the time and the City Hall, in the city of Bangor, the place of holding your Annual Meeting for the direction of a Member of the Board of Education, &c, as provided by the Act entitled "an Act to establish a Board of Education" approved July 27, A D 1846

The Teachers' Institute for said County will be in session at the time and place of said meeting

D WORCESTER, Mem of the Ed Board
Bangor, Sept 13th, 1849

To the Teachers of Public Schools in the County of Penobscot

It having unexpectedly become my official duty to appoint the time and place for holding the annual Institute in this County, I hereby give notice to all concerned, that said Institute will be held in the city of Bangor, commencing on MONDAY, P M, Nov 12, and closing on FRIDAY Nov 23.

Permit me to express a hope that all who propose to teach the winter ensuing and who do not now feel themselves fully competent to discharge in a satisfactory manner the responsible duties of the vocation, will attend the approaching Institute.

Teachers living at a distance, and not being able to attend the Institute, will do well to secure lodging places beforehand. Any of the teachers who will take pleasure, if applied to, in rendering any needful assistance

I intend that no teacher will come to the Institute *more ready to get his name on the Catalogue* but that every one will come with a determination to be present at every exercise *punctually every day* during the session of the Institute, and thus get all the benefit on the cars

JOSEPH P WOODBURY'S
Patent Planing Machine.

THE subscriber has received Letters Patent for a stationary Planing Tonguing and Grooving Machine and offers for sale Machines and Rights to use same This machine will plane 5,000 feet of boards to any uniform thickness in one hour, leaving a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane and is peculiarly adapted to plane and joint clapboards, or weather boarding and will do work far easier and better than any machine before invented This machine is so arranged as to plane the board with an uneven surface, whole width and length of the material and not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use The construction and organization of this machine is different from any other machine in use Communications for further particulars will be promptly answered to by addressing the subscriber (post paid) Boston, Mass

I WOULD most respectfully suggest to my friends and those who have usually patronized me, that I still continue in the Binding line at the old stand called the East Side Bookstore and Bindery—now called the East Side Book Bindery at which place I shall stick out a short time and shall be most extremely happy to see my old friends and customers bring in their Periodicals, Music, &c, to be bound which shall be done in a neat and faithful manner and as cheap as any other binder in Bangor. Prices 12½ cts per vol

P. S. Prices to correspond with the times, and I defy competition. Come out with your prices! Specimens of binding can be seen at my Bindery. Orders from the country punctually attended to

My friends and the public generally will please receive my sincere thanks for their patronage during my sojourn in this city
Yours Respectfully,

MYERS' LIQUID CURE,

A positive and never-failing Remedy

FOR PILES,

Whether Internal, External, Blind or Bleeding, *Scrofula, White Swellings, Tumors, and Ulcerated Sore Throat, Chronic Sore Mouth, Rheumatism, Chronic Diseases.*

Mercurial Affections, &c.

Scalds, Burns, Cuts, Sprains, Bruises, &c.

We feel justified in proclaiming

THE FACT TO THE WORLD

THAT of all medicines ever brought before the Public *NONE* have ever been more beneficial to afflicted humanity than "*Myers' Liquid Cure.*" We know that this is saying a great deal, but if we were to write volumes, we could not say too much in praise of this

Health-Restoring, Life-Prolonging Remedy.

Hundreds, nay, thousands, bless the happy hour when first they were made acquainted with its transcendant virtues, and our present impulse is to inform their fellow kinds, how and where they may obtain that relief, which they, perhaps, have long sought for in vain.

The superior excellence of this preparation over all other medicines for the speedy and permanent cure of PILES, is well known to all who have tested it. It has been proved in thousands of instances, and has

NEVER FAILED

to cure the

MOST OBSTINATE CASES,

and we are confident it

NEVER WILL FAIL,

if used a proper length of time according to directions. As a proof of our entire confidence in its efficacy, we assure all purchasers that, if, after a proper trial, it proves ineffectual, *the money paid for it will be returned.*

The "Liquid Cure" is an efficacious Remedy for

Ringworms, Biles, Pimples,

Barber's Itch, Frosted Limbs, Chilblains, Salt Rheum, Musquito Bites, Stings of Poisonous Insects, &c., and for Cutaneous Diseases of every description.

It is both safe and effectual for

RHEUMATISM,

giving immediate and permanent relief.

No preparation now before the Public can surpass the excellence of the "Liquid Cure" for Scalds, Burns, Cuts, Sprains, Bruises, Swellings, &c.

Its effects as a REAL PAIN KILLER, are *MAGICAL.*

Every Family in the Land

should provide themselves with this invaluable preparation, the cheapness of which places it within the reach of all.

Full Directions accompany each bottle.

Pamphlets containing copies of certificates from those who have tested the "Liquid Cure," may be had *Gratis* of our authorised agents.

"Myers' Liquid Cure" is prepared only by

McKENNEY'S

COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or inflamed breast, Weakness or Pains in the Stomach, Piles, Corns, Warts, and Common Sores, and Cuts and Bruises of all kinds.

In bringing this article before the Public, we are aware that we have undertaken small disadvantage amidst the multitude of "All Healing Ointments" and "Panaceas" that are now advertised as the "*most effectual*" and "*certain cures*" for all diseases indiscriminately, to which men or animals are subject.

A history of this Salve, and the wonderful cures it has effected in the above complaints will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.

We would only add, that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not as much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of personal friends, and those who have experienced its wonderful medicinal and all-healing properties.

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue. But we flatter ourselves that if, forsooth, we are richly paid, and the article soon very soon, has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated, we do not and shall not call to our aid the empty "*puffing of the Press*," or the bought certificates of individuals; and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary* and *unsolicited*.

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties. To say less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates:—

The subscriber was afflicted within Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success, I applied some Salve obtained of Mr. A. M. McKenny, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since. I would a so say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success.

DANIEL SEAVEY.

Dexter, (Maine) May, 1845.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success, which cost me about forty dollars, I bought 14 oz of McKENNEY'S SALVE, which effected an entire cure in less than two months.

SIMEON MARSTON.

Gray, May 11, 1846.

BANGOR, June 5, 1846.

Mr. McKenney—In going into the woods in the autumn of 1845, with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises and I found indeed to my great satisfaction that it was an invaluable article. I also made applications of it in cases of Cuts, Sprains and bruises upon my cattle, and found it equally beneficial. It can truly be called the All-Healing Salve.

ELYSANDER STRICKLAND.

Manufactured and sold by McKENNEY & KIMBALL, at Waterford, Me.

DOCTOR MARSHALL'S

Aromatic Catarrh and Headache Snuff.

THIS article is the *best preparation* in the world for *relief in the head*, the headache and all CATARRHAL AFFECTIONS.

It cleanses, strengthens, and restores to healthy action all those organs and membranous passages of the head, the *obstruction of which produces pain in the forehead and region of the eyes, a sort of snuffing in the nose, a sense of matter dropping from the head into the throat, &c.* All these it cures speedily and especially, and the most *confirmed cases of* CATARRH, it usually cures in from *two to four months.*

This is also an *unfailing cure for the* SORE SCREE, if persevered in for a short time.

Sold at wholesale and retail, by Druggists generally, and by David Bugbee, G. W. Ladd Carter & Perkins, A. P. Guild, Wm. Mann, G. McFarland, Bangor; L. S. Smith, J. W. Curtis & Co., Hampden; Chas. FITS! FITS!!

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race.

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Mr. Hart would impress it on the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. Its tendency is to insanity, madness and death, the most.

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most

SURPRISING MARKABLE CURES

upon record, and has acquired a reputation which time alone cannot efface. Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted, as the only remedy.

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God I feel that I am a well man." I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief. Another (who is an

EMINENT LAWYER)

and well known in this city) says, "my son has been benefitted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract." He (a famous) says he, "should and ought to be inundated to the ends of the earth." Another says, "Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means, under the blessing of God, of restoring me to good health, after having been afflicted with Epilepsy in its worst forms for more than twenty-three years, and my morning and evening oblation of praise and thanksgiving will continue to ascend to that God who has afflicted but to make me whole."

Mrs J Bradley 135 Orchard street, New York states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract.

Dr Charles A Brown, of Dover, Russell co, Alabama, who is one of the first Physicians in the State, says that he has for four years been in the habit of using the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge.

Curtis G. Mayberry, Esq. formerly Postmaster at Lime Mills, Crawford Co, Pa, now living in Erie Co. Pa, states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that a persevering use of Dr. Hart's Vegetable Extract has restored him to sound health, being entirely free from that worst of all diseases.

Mr. Stephen Cornell, Grocer of Sixth Avenue and Twenty-sixth Street, New York, states that Mr Charles E Bougton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business. Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health, and left the city for the State of Ohio to resume his business.

Rev M Smith, Rector of St Peter's Church, Spottswood, New Jersey, who had been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has become so much improved that the hopes by Divine blessing he have no more Fits.

EPILEPTIC FITS,

For twenty-seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm Seccre, Esq. of Philadelphia, affected with Epileptic Fits for twenty-seven years and six months.—After travelling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending five hundred dollars in medical treatment and advice three thousand dollars returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT.

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians (here in respect to his case) they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty, and thirty years standing, and I can assure you I am not sorry I did so, as by the aid of Hart's Vegetable Extract my son is now restored to

PERFECT HEALTH.

His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health and usefulness. He is now 26 years of age, and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health.

Now, sir, faith without works I don't believe in.—To say I think I be eyer grateful to you is one thing, and as I here enclose you one hundred dollars, I leave no doubt you will think this rather and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours, very respectfully,

(Signed) WILLIAM SECORE.

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines,

Used by Physicians of high Standing.

Prepared by STEPHEN JEWETT, son of the late *DR STEPHEN JEWETT of Rridge, N. H.*

It is not pretended that ANY ONE of these Medicines will RELIEVE OR CURE EVERY DISEASE. ALL REASONABLE PERSONS KNOW NO SINGLE ARTICLE CAN ACCOMPLISH SUCH RESULTS. But it is TRUE EACH of these medicines, by thorough trial, will be pronounced to have NO SUPERIOR OR EQUAL FOR RELIEF and PERMANENT CURE of those diseases for which they are recommended, as they have been tried, and proved by their continued use for the last fifty years by NUMEROUS FAMILIES and PHYSICIANS to be TRULY "FAMILY MEDICINES," and pronounced to be ALL the MEDICINES ANY PERSON or FAMILY can require, unless in very extraordinary cases. Their power over disease has not *been excelled—if equalled*,—as numerous cures attest, where skillful physicians have failed to produce relief.

ALL CAN BE CURED, WHO WILL USE THEM AS DIRECTED, IF WITHIN THE POWER OF MEDICINE.

Dr. Stephen Jewett's Celebrated

The Health Restoring Bitters

These Bitters remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, cure diseases that already exist, fortify the system against all future disease, can be taken with safety—at a time debilitating the patient, being grateful to the most delicate stomach, and remarkable for CHEERING, INVIGORATING, STRENGTHENING and RESTORATIVE PROPERTIES, and an invaluable and sure remedy in

Liver Complaints, Jaundice,

Dyspepsia; Flatulency, or Wind; Costiveness; Faintness; Pain on the Side Bones or Joints; Disorders of the Skin, Liver and Kidneys; Relaxed Bowels; Loss of Appetite; Unnatural Appetite; Sleeplessness; Depression of Spirits; Piles; Humors; Worms; Sinking and Fullness or Weight at the Stomach; Nervous Headache, and every form of Indisgestion; Nervous Irritability; Giddiness; Drowsiness; Wandering Pains; Palpitation of the Heart, Scrofula; St Anthony's Fire; Salt Rheum; Tetter; Cancerous Sores; Incipient Consumption, and all other diseases caused by an impure state of the Blood, Liver, &c., or which tend to debilitate and weaken the system.

To FEMALES, who suffer from a Morbid and Unnatural Condition, and who fears threatened with CONSUMPTION, this is a Medicine of Inestimable Value. It is an *Excellent Remedy in* SUMMER COMPLAINTS, and a *Great Preventive* of FEVERS.

Dr Stephen Jewett's highly Celebrated

Pulmonary Elixir.

This Elixir contains many of the most highly approved bough or expectorant medicines; recommended by the United States, London, and Edinburgh Colleges of Health; but being peculiarly and fortunately combined, is truly wonderful in its good results. *Particularly should this Medicine be in every Family where there are* CHILDREN, as the delay incident to procuring a Physician has often proved fatal, to those whom *timely assistance would have SAVED.*

This Elixir will prove itself to excel any thing as a sure remedy in

Consumption of the Lungs, Coughs,

Colds; Sore Throat; Influenza; Asthma; Bronchitis; Quinsy; Croup; Whooping Cough; Difficulty of Breathing; Pain in the Side or the Breast; Soreness of the Chest; Distress when lying upon the side, producing Choking, or sense of Suffocation, &c., &c.

Dr Stephen Jewett's Justly Celebrated

Strengthening Plaster.

This Plaster is composed of quite a number of vegetable substances peculiarly compounded.—There never has been, and there is not at the present time, a better plaster made, for the various purposes for which plasters are used! It has no SUPERIOR for removing

Pain, Internal Inflammation,

Rheumatism; Gout; Swollen or Weak Joints, Limbs or Cords; Lameness, Cramp, Pains or Weakness in the Side, Back or Breast, Weak Stomach, &c., &c., and when used in

LIVER AND PULMONARY DISEASES,

will prove very beneficial to those suffering with such complaints.

Extract from a letter of an eminent physician in Worcester Co., Mass., a member of the Massachusetts Medical Society.

WINCHENDON, Jan. 30 1849.

"Dr. Stephen Jewett:

Dear Sir,—I have used your *Health Restoring Bitters* in my practice, and have found them very serviceable in *Dyspepsia, Humors, General Debility*, and particularly in *Habitual Costiveness*. I consider it one of the *best* remedies in use. Yours, &c.,

IRA RUSSELL, M. D."

From one of the most eminent physicians, in the State of New Hampshire.

TEMPLE, N. H., Jan. 17, 1849.

"Dr. S. Jewett:

Dear Sir,—I have examined your *Pulmonary Elixir*, and am well satisfied that it *merits the full confidence* of the community, as being what it purports to be, an efficient and *safe* remedy, for *all* the diseases to which the respiratory organs are subject. It may be used with much more safety than almost any other article offered for this purpose, inasmuch as the danger of impaired action of those organs, the frequent and legitimate result of most other remedies of this class, by reason of *their opiate character*, is, by this, *entirely obviated.*

The physician who should meet with it in families, would find it a *ready assistant*, by which his own labor in the dispensation of medicine would be obviated, and his efforts for relief essentially aided.

With much consideration, your obed't servant,

N. KINGSBURY, M. D."

PORTLAND, Me., April 24, 1849.

Dr. Stephen Jewett:

Sir,—Having used your *Health Restoring Bitters* and *Pulmonary Elixir*, to a considerable extent, in my family, or the past winter, I would beg leave to bear testimony as to the efficacy of those medicines; the former for *restoring lost of appetite, for headache, languor, and general debility*, the latter *for coughs* and *sore throat.*—In fact, I think *no family should be without these restorative cordials at hand*, thereby frequently *superseding the necessity of calling in a physician.*

Your ob't serv't, CALEB S. CARTER.

From George W. McLellan, Esq., formerly a distinguished citizen of Maine, now of the city of Boston.

BOSTON, Mass., May 3, 1849.

Dr. Stephen Jewett:

Sir—I have used your *Pulmonary Elixir* in my family for a year or more, and it has proved *decidedly the best cough medicine I have ever known.* I therefore most heartily recommend it to all who may require such a medicine. Respectfully yours,

GEO. W. McLELLAN.

For the Removal and Permanent Cure of all

NERVOUS DISEASES.

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the day.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

as used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause, namely,

A Derangement of the Nervous System.

In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as supplied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks helplessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with the bane of civilization, Dyspepsia, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, for their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the excitement has ceased, the Galvanic Belt with its effective Ring, from the application of the GALVANIC BELT, Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the Galvanic perspiration will set on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive thus keeping up a continuous Galvanic circulation through the whole system. In the most severe cases of DYSPEPSIA, are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Certificates, and Testimonials

From the most Respectable Sources,

Could be given sufficient to fill every column of this paper! We make a few selections. The first is an

EXTRAORDINARY CASE

and conclusively proves that it is

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, [illegible] had attainments and a mixed reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years*, I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skillful and excellent men; but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for years thereafter, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Year after year, in the winter, I was, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors, in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, by some any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there was not to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficacy) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS, MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE ONCE, ON ACCOUNT OF MY RHEUMATIC APPROACH, ALSO CAUSED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from the *Rheumatic*, that they are unlike in every material having not one single thing in common.

As a S. P. Townsend is no doctor, and never was, he is no chemist, no pharmaceutist, knows no more of medicine or disease than any other common, unscientific, unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in compounding, and which are incapable of changes which might render them the AGENTS of Disease instead of Health?

But what else should be expected from one who is nothing comparatively of medicine or disease, and requires a person of some experience to make a tolerable common decoction? How much more reasonable is it that the person who manufactures medicines is designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, and in what manner of securing and concentrating their virtues, and also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!

It is to arrest frauds upon the unfortunate, or those being into wounded humanity, to hinder hope in the spoiling bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity and disease, that the OLD DR. JACOB TOWNSEND has SECURED FOUND the opportunity and means to bring to the Grand Universal Concentrated Remedy within the reach, and to the knowledge of all who stand in need of it, that they may learn and know, by experience, what it is
